

Things you'll need:

- * A space to hang the art
- * I brought & I got signs--make your own or download our PDF. We've found it helpful to make them in two different colors.
- * Stuff to hang with--clothes pins, clips, tape, string...etc. Whatever will work in your space!
- * We always have some duct tape on hand!
- * A digital camera with ample battery and storage space
- * Helpers to run the swap (it's nice to have two people, for company, or if you are swamped!)
- * Some promo--facebook, flyers, word of mouth.....
- * A starting art supply--we asked the artists we know to donate, and donated ourselves to get the gallery stock going
- * Swappers!
